**Date Approved:** 19 Jun 2007

**Date Revised:** 17 Sep 2008

The President is the board's only link to operational achievement and conduct, so that all authority and accountability of staff, as far as the board is concerned, is considered the authority and accountability of the President.

1. The board will never give instructions to persons who report directly or indirectly to the President.
2. The board will not evaluate either formally or informally, any staff other than the President.
3. The board will view President performance as identical to organizational performance, so that organizational accomplishment of a reasonable interpretation of board stated Ends and compliance with Executive Limitations as reasonably interpreted will be viewed as successful President performance.
