Policy Name: Board Committee Principles

Number: GP-6

Policy Type: Governance Process

Date Approved: 19 Jun 2007

Date Revised: 16 Dec 2015

Board committees, when used, will be assigned with minimal interference with the Board's mandate and so as never to interfere with delegation from Board to President.

1. Board committees are to help the Board do its job, not to help the staff do its jobs. Committees ordinarily will assist the Board by preparing policy alternatives and implications for Board deliberation. Board committees are not to be created by the Board to advise staff.
2. Board committees will not speak or act for the Board except when formally given such authority for specific and time-limited purposes. Expectations and authority will be carefully stated in order not to conflict with authority delegated to the President.
3. Board committees cannot exercise authority over staff. Because the President works for the full Board, the President will not be required to obtain approval of a Board committee before an executive action. In keeping with the Board's broader focus, Board committees will normally not have direct dealings with current staff operations.
4. Board committees are to avoid over-identification with organizational parts rather than the whole. Therefore, a Board committee which has helped the Board create policy on some topic will not be used to monitor organizational performance on that same subject.
5. This policy applies only to committees which are formed by Board action, whether or not the committees include non-Board members. It does not apply to committees formed under the authority of the President.
6. Every committee will operate under a Board-approved Terms of Reference.
