## The Latest In Awards and Events

### The Dr. Bryn Kulmatycki Recognition Endowment Fund

For almost seven years, Bryn exemplified NLC's values in his position as College President—the culmination of a distinguished career in educational administration. Under his leadership, NLC grew in terms of size and reputation. As a Northerner himself, Bryn had often been heard to remark on his pride in NLC's growing role in the region generally and in the post-secondary sector, in particular. In recognition of Bryn's contribution to post-secondary education, Northern Lights College and Northern Lights College Foundation established a fund in his name. The fund will support learners and development of the College and Foundation, a purpose he was truly passionate about. Your donations will help leave a lasting legacy at Northern Lights College in Bryn's honor for years to come.

## Helping Students World-Wide

The NLC Foundation partnered with the International Education department to create the Student Refugee Program Giving Campaign! In June, luncheons were hosted at the Dawson Creek and Fort St. John campuses to provide information and support the campaign. During the gathering, we shared a video interview of one of NLC's refugee students, whose story captured the life changing opportunity this program provides. Visit <https://srp.wusc.ca/about/> to learn more about this program!

## Featuring: Our Donors

This month, the Foundation created a question-and-answer template to feature our donors! The form requests that donors provide a few words, a photo, and logo (if applicable) to be featured through various media and projects! Through the upcoming months, donors will be showcased through NLC Foundation's social media, newsletters, and various projects. Donors can contact the NLC Foundation to participate in this free marketing opportunity!
