

Candidate Statement

Brandon Mackinnon

Dear Colleagues,

I would like to start by saying that I am honoured to be nominated again as the faculty representative to the NLC Board of Governors. I was first elected during the last faculty Board of Governors election in 2022.

I have been working at Northern Lights College as a Business Management Instructor on the Dawson Creek campus since January 2019. During this time, I have become actively involved in a variety of committees, including Education Council as well as being a union steward and a member of the faculty bargaining committee, where I am always advocating for the best interests of Faculty.

I am fully prepared, should I be elected again as your faculty representative on the NLC Board of Governors, to continue to provide a faculty perspective on the Board. I understand the importance of having a strong voice given the unique challenges that NLC is currently facing, along with the economic uncertainty that may be ahead. I have no problem about posing pertinent, and at times, difficult questions, to NLC's president regarding the items that are brought to the Board of Governors for information, consideration and decision.

I look forward to engaging and having conversations with as many of you as possible, both during and after this election and I hope you will consider voting for me as your faculty representative on the NLC Board of Governors.

Brandon Mackinnon
