

Hello everyone,

My name is Cathy Vreeling, and I am excited to introduce myself as a candidate for the support staff representative on the Board of Governors for Northern Lights College. I have dedicated over 10 years to the College, beginning my journey as a part-time invigilator before progressing to my current role in Facilities as Facilities Office Administrator.

Having grown up in the surrounding area, I have a deep-rooted connection to this community and to the College itself. As a parent of three children, two boys, and a girl, I have personally experienced the transformative impact that education at Northern Lights College can have, as both of my sons and I have been proud students here.

Throughout my time at the College, I have witnessed a remarkable evolution of the Dawson Creek Campus. I remember when the grounds were hayed, and how those bales were utilized for the animals at the NLC farm to support our agriculture programs. These changes have not only shaped the physical landscape of our institution but also enriched the educational opportunities available to our students.

In my role within the College, I have also had the privilege of visiting almost all our campuses. This experience has provided me with valuable insights into the diverse needs and aspirations of each community we serve. It has reinforced my understanding of how Northern Lights College plays a pivotal role in fostering education, empowerment, and economic development throughout our region.

Thank you for considering me for this important role; it would be an honor to serve as your support staff representative on the Board of Governors.
