

Lionhart, Luna

Hello, my name is Luna Lionhart, I'm in the professional cook level one program. I love cooking because I get to express my creativity and bring to life my ideas. I also enjoy getting feedback on my dishes. Whether it's how I can improve it or if it's something people enjoy and I can make it again for others to savor. Last year I was living in the lower mainland working a boring finance job and now I'm in Dawson Creek pursuing my passion! I really feel like that would shine through in my social media posts and will encourage other to join us in pursuing theirs.
