

NLC Foundation News & Events

Announcing: 50/50 Fundraising

The NLC Foundation has launched a new fundraising tool! Going forward, supporters will have the opportunity to purchase 50/50 tickets at various NLC Foundation events. Proceeds of each draw will go to numerous projects and areas of need. If you would like to explore the option of a NLC Foundation 50/50 raffle to support an award or event, please reach out to our team.

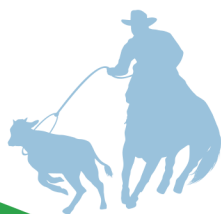

Team Expanding

In June 2023, the NLC Foundation expanded our team with the addition of a new position- the NLC Foundation Events and Communications Specialist position! Amanda Aven will be transitioning from her role of NLC Foundation Clerk to the NLC Foundation Communication and Events Specialist role. The Foundation Clerk position will be filled in the upcoming weeks, making the NLC Foundation a team of four! Growing our team helps us meet and exceed the pillars of our strategic plan. We look forward the exciting opportunities ahead for the Foundation.

Second Annual NLC Intercollegiate Rodeo

Mark your calendars for the second annual NLC Intercollegiate Rodeo! Once again, the NLC Foundation will be partnering with Northern Lights College and Engage Sport North to host the NLC Intercollegiate Rodeo at the Lakota Agriplex on September 30 and October 1, 2023! Please come and support our athletes! Tickets sales will launch in August. Please contact NLC to secure your tickets for this great event!

Board Member Diversity

The NLC Foundation board will break for summer, resuming in September for the AGM. We are seeking individuals to service on our volunteer board in 2023-2024! The NLC Foundation is a non-profit which supports student success in their educational journey at Northern Lights College, and work with community and College to identify student needs and opportunities. Board meetings are bi-monthly from September through May. Board members from various communities collaborate to discuss policies, community engagement, donor opportunities, help elevate the NLC Foundation to reach our goals outlined in our strategic plan, and more! To enquire about becoming a board member, please reach out to our office.

In-kind donations of equipment, materials and services greatly improve the education experience for students! If you'd like to make an in-kind donation, please contact the NLC Foundation to enquire on the process of your donation!

Congratulations to Maxime Fortin, recipient of the Northern Metallic Tool Award! Maxime received a toolbox and tools valued at \$2,000 for his distinguished academic achievement in the Heavy Mechanical Trades Foundation program!

Air Brake Training Aid Donation

In March 2023, Trican Well Service (Grande Prairie, AB) generously donated an air brake training aid to the NLC Heavy Mechanical Trades Shop in Dawson Creek! Students in this program are learning diverse skills that will support them in the following four mechanical trades paths:

- Truck and Transport Mechanic
- Heavy Duty Equipment Technician
- Diesel Engine Mechanics
- Transport Trailer Technician

We were able to connect with Rodney Cork, Associate Dean of Trades and Apprenticeship at Northern Lights College to enquire on the impact of such donations.

"The donation of this Air Brake training equipment will aid the Heavy Mechanical Instructional team by providing in-classroom accessibility to a system which would otherwise require a full in shop setup. Having the ability to roll a high-quality training aid right into the classroom to provide visual representation to the theory components of any lesson is of immense value! It's size and portability mean it can be accessed by students in any relevant program on any of our campuses. Hands on learning is key to student success and is indeed one of the foundational principles of any trades education at NLC. These types of learning tools are directly connected to the quality of the apprentices and employees hired from our programs!"

-Rodney Cork, Associate Dean of Trades and Apprenticeship, Northern Lights College

2022-2023 NLC Foundation Award Recipients

2022-2023 NLC Foundation Award Recipients	
Student Name	Award Title
[List of names]	[List of titles]

2022-2023 NLC Foundation Award Recipients	
Student Name	Award Title
[List of names]	[List of titles]

The tables contain lists of student names and their respective award titles, including categories like 'President', 'Vice President', and 'Treasurer'.

The annual NLC award recipient displays were set up across campuses for the month of May! Many students have proudly shared photos of their name and award title on the displays with friends and family who are unable to come by campus and see them in person. Congratulations to all recipients of the 2022-2023 awards!
