**Online-Self Directed Offering:** These courses are for those who have moderate computer experience and want a to be able to fit course work around their schedules. These courses are entirely done online with the majority of courses having a 3-month completion time frame. (with some exceptions) These courses can be enrolled in at any time.

**Online Instructor Lead:** These courses have a structured schedule and are instructor lead. This is a great option for those who have time in the schedules and who need some support of an instructor

**Virtual Face to Face:** These courses have a structured schedule and are conducted like a more traditional face to face course that allows instructor and students to communicate in real time and collaborate together in break out rooms.

**Instructor Support Add On:** These courses can have the option of instructor support added on to the course itself. This is the perfect option for those are new to online courses or just need a bit of extra support and check ins. This option would have more of a structured schedule.

**In Class Face to Face:** These courses are delivered in the traditional classroom setting. This option is great for courses that have hands on components as well as deeper discussions, role play and a more personal setting.

**Customized Private Group Training:** If you have a group of people that you want to train at one time, you can have a class that is just for your group. This can be for one course or a group of courses. Group trainings can also be customized to fit the needs of your group.
